Delisting decision

I. Facts

1. On 10 January 2024, the recognised representation of Unisys Corporation, Blue Bell, Pennsylvania, United States of America (**Unisys** or **Issuer**) submitted an application for delisting to SIX Exchange Regulation AG (**SER**) in the name and on behalf of the Issuer.
2. The application requests the delisting on SIX Swiss Exchange AG (**SIX Swiss Exchange**) of all secondary listed registered shares of Unisys (Swiss Security Number 10'641'130 / ISIN US9092143067) with a par value of USD 0.01 each with the last trading day being on Tuesday, 7 May 2024 and the delisting taking place on Wednesday, 8 May 2024.
3. The recognised representation justifies the application for delisting as follows:
4. The shares of Unisys common stock are primary listed on New York Stock Exchange (**NYSE**) and secondary listed on SIX Swiss Exchange as well as on the London Stock Exchange. The delisting of Unisys' secondary listed registered shares on SIX Swiss Exchange is requested due to the virtually non-existent trading volume on SIX Swiss Exchange. The shares of the Issuer will continue to be listed on NYSE.
5. On 8 January 2024, the Issuer confirmed that the responsible corporate bodies of Unisys resolved to agree to and authorise the delisting of the secondary listed registered shares from SIX Swiss Exchange.
6. Required information was provided concerning the free float according to the Directive Distribution Equity Securities (**DDES**).

II. Grounds

4. The delisting process is governed by Art. 58 Listing Rules (**LR**) and the Directive on the Delisting of Equity Securities, Derivatives and Exchange Traded Products (**DD**). According to Art. 3 para. 1 DD, in principle, the issuer itself, decides on the delisting of securities it has issued. A delisting is subject to submission of a timely and duly completed application (Art. 3 para. 3 DD). The Regulatory Board may decide on the point in time of the delisting announcement as well as on the last trading day. In its decision it takes into consideration the protection of investors, fair and orderly trading, the legal environment and the interests of the applicant. In principle, the period between the delisting announcement and the last day of trading may be no less than three and no more than twelve months. However, when setting this period the Regulatory Board will take a variety of criteria into consideration, such as for example the timing, the free float, liquidity, trading volume and approval from the general meeting (Art. 4 paras 1 and 2 DD).
5. In the present case, the recognised representation in the name and on behalf of the Issuer has submitted a delisting application in due form and in due time on 10 January 2024. The period between the delisting announcement and the last trading day according to the DD has been requested to be set to three months. SER is of the opinion that, based on the reasons given, namely the fact that the shares of the Issuer will continue to be listed on NYSE, a period of three months between the announcement of delisting and the last trading day is appropriate in the present case. SER has therefore granted the Issuer's application for delisting and has set the delisting of the secondary listed registered shares as of 8 May 2024 (last trading day: 7 May 2024). Pursuant to the request, SER has set the announcement of the last trading day respectively of the delisting to 7 February 2024.

2. The **delisting** of the secondary listed registered shares shall take place on **Wednesday, 8 May 2024** provided that all publication requirements according to the Rules of SIX Group AG are duly and timely fulfilled. The **last trading day** on SIX Swiss Exchange shall be on **Tuesday, 7 May 2024**.
3. In application of Point 8.1 of the List of Charges under the Listing Rules, no charge is levied for processing the delisting application.
