# I Purpose and scope

## Art. 1 Purpose

<sup>1</sup> These Additional Rules determine which information must be provided to permit investors to evaluate the characteristics of Exchange Traded Products (ETPs) and to assess the quality of their issuers.

<sup>2</sup> They also lay down the additional disclosures that issuers must make in the context of their obligations concerning the maintenance of listing for as long as their products are listed, to ensure fair and proper trading on the exchange.

## Art. 2 Reference to the LR

<sup>1</sup> Provided no regulations to the contrary, or additional regulations, are set out below, the Listing Rules (LR) and their corresponding implementing provisions apply to the listing of ETPs.

<sup>2</sup> The Art. 13 LR (Auditors), Art. 14 LR (Audit report), Art. 15 LR (Capital resources) and Art. 19 LR (Free float) are not applicable.

## Art. 3 Scope of applicability

<sup>1</sup> These Additional Rules are applicable to all ETPs that are issued by Swiss and foreign issuers and listed on SIX Swiss Exchange Ltd ("SIX Swiss Exchange") in accordance with the provisions set out below.

<sup>2</sup> ETPs in the sense of these Additional Rules are classified as collateralised, non-interest-paying bearer debt securities (debentures), which

1. are issued as securities, and
2. are sold and redeemed in the same structure and denominations on a continuous basis;
3. replicate the price trend of an underlying instrument, either unchanged or leveraged (tracker certificate).

<sup>3</sup> These Additional Rules are not applicable to Exchange Traded Funds (ETFs) and Exchange Traded Structured Funds (ETSFs). Unlike ETFs and ETSFs, Exchange Traded Products are **not collective investment schemes** in the sense of the Federal Act of 23 June 2006 on Collective Investment Schemes Act (CISA). ETPs are not subject either to the approval or to the Federal Financial Market Supervisory Authority (FINMA).

<sup>4</sup> These Additional Rules do not apply to derivatives (certificates) that are collateralised under the COSI<sup>®</sup> scheme (collateral-secured instruments).

## II Listing

### A Listing requirements

#### 1 Requirements applying to the issuer

##### Art. 4 Capital resources

<sup>1</sup> On the first day of trading, the issuer's reported equity capital must be at least CHF 25 million, in accordance with the financial reporting standard applied.

<sup>2</sup> If the issuer is the parent company of a group, the above requirement refers to consolidated reported equity capital.

<sup>3</sup> Art. 11 LR (Duration) and Art. 4 para. 1 and 2 do not apply if the outstanding amount of the ETPs is collateralised exclusively in accordance with Point 1 of Art. 14 para. 1 or if, instead of the issuer, a third party that fulfils those requirements (guarantor) provides a guarantee commitment in respect of the obligations associated with the ETPs.

<sup>4</sup> Where, according to para. 1 Art. 11 LR (Duration) is not applicable, the issuer must only have produced the available annual financial statements pursuant to the accounting standard that applies to it.

*See also:*

- Directive Guarantee Commitments (DGC)
- Directive Financial Reporting (DFR)

##### Art. 5 Place of jurisdiction

<sup>1</sup> Investors must be able to take their case before a state court to assert their rights against those involved in the structure of the ETP (e.g. the issuer, the custodian of the collateral).

<sup>2</sup> In choosing the place of jurisdiction, the issuer must ensure, as at least one alternative, that the courts in the country whose legal system is applicable to the terms of the issue in question are competent to hear such cases.

#### 2 Requirements applying to the Exchange Traded Products

##### Art. 6 Applicable law

<sup>1</sup> All ETPs that are subject to Swiss law are eligible for listing on SIX Swiss Exchange.

<sup>2</sup> ETPs that are subject to foreign law may be listed on SIX Swiss Exchange only if the foreign legal system in question is one recognised by the Regulatory Board. These recognised legal systems consist of those operating in OECD member states.

<sup>3</sup> Upon application, the Regulatory Board may recognise further foreign legal systems, provided the applicant can demonstrate that the legal system in question meets international standards in respect of investor protection and transparency regulations.

##### Art. 7 Minimum capitalisation of issue

ETPs must have a minimum capitalisation of CHF 1 million at the time the listing application is submitted.

**Art. 8 Underlying instruments**

<sup>1</sup> Listing is restricted to ETPs that relate to an underlying instrument that is admitted by the Regulatory Board under the terms of Art. 9–Art. 13, that have a price that is set regularly, and that are publicly accessible.

<sup>2</sup> The Regulatory Board may permit further underlying instruments.

**Art. 9 Equity securities, bonds and collective investment schemes as underlying instruments**

<sup>1</sup> Equity securities such as shares, participation certificates and profit-sharing certificates that are listed or admitted to trading on SIX Swiss Exchange or on a foreign securities exchange with equivalent regulation are permitted as underlying instruments for ETPs. Furthermore, bonds and collective investment schemes that are listed on SIX Swiss Exchange or on a foreign securities exchange with equivalent regulation are also permitted as underlying instruments. Such collective investment schemes must nonetheless fulfil the conditions laid down in CISA and its implementing provisions.

<sup>2</sup> Foreign securities exchanges recognised as having equivalent regulation are those that hold full membership of the Federation of European Securities Exchanges (FESE) or the World Federation of Exchanges (WFE). Further exchanges may be recognised in a ruling as having equivalent regulation. The Regulatory Board may demand that the issuer provides evidence of equivalent regulation.

**Art. 10 Derivatives and futures as underlying instruments**

<sup>1</sup> All derivatives that are listed or admitted to trading on SIX Swiss Exchange are permitted as underlying instruments for ETPs.

<sup>2</sup> Standardised options and futures contracts which are traded on an exchange with equivalent regulation are also permitted. Further exchanges may be recognised upon request. The Regulatory Board may demand that the issuer provides evidence of equivalent regulation.

**Art. 11 Indices as underlying instruments**

Indices are permitted as underlying instruments for ETPs, provided the issuer ensures compliance with both of the following requirements:

1. the index is composed of permitted underlying instruments, as defined in these Additional Rules;
2. the index sponsor has issued index regulations that can be viewed, free of charge, on the internet. The issuer must provide interested investors with these index regulations free of charge upon request, without demanding any proof of interest;
3. the level of the index is published openly and free of charge on the internet at regular intervals, but at least once a month. The issuer must disclose the last published index level to interested investors free of charge upon request, without demanding any proof of interest.

**Art. 12 Foreign currencies, reference rates, precious metals and commodities as underlying instruments**

The following reference rates are permitted as underlying instruments for ETPs:

1. freely convertible foreign currencies: the requirement that a currency must be freely convertible may be waived provided that redemptions in currencies that are not freely convertible are prohibited;
2. standard market interest and swap rates, such as the 3-month Libor or Euribor. This excludes rates fixed unofficially (e.g. in an agreement between two parties);
3. precious metals, specifically gold, silver, platinum and palladium;
4. commodities that are traded on a Regulatory Board-recognised exchange and for which spot prices are published.

#### **Art. 13 Baskets as underlying instruments**

Baskets composed of the underlyings listed in Art. 9–Art. 12 are permitted as underlying instruments for ETPs.

#### **Art. 14 Collateralisation**

<sup>1</sup> ETPs are collateralised as follows:

1. by presenting the underlying instrument for deposit either physically or in the form of a futures contract; or
2. by means of liquid equities, participation certificates, profit-sharing certificates, collective investment schemes, bonds or commodities that are listed or admitted to trading on SIX Swiss Exchange or a foreign exchange with equivalent regulation; or
3. by means of cash balances or precious metals.

<sup>2</sup> The collateral must cover at least the outstanding amount of the ETP.

<sup>3</sup> The assets that serve as collateral will be held in safekeeping by a third party that is independent of the issuer but appointed by it.

## **B Obligations with respect to listing**

#### **Art. 15 Prospectus in accordance with the Federal Financial Services Act dated 15 June 2018 ("FinSA")**

<sup>1</sup> The issuer must provide evidence in the listing application that it has a prospectus that has been approved by a Prospectus Office in accordance with the FinSA or that is deemed to be approved in accordance with the FinSA. SIX Exchange Regulation can exempt the issuer from providing this proof, in so far as this information can be obtained from the competent Prospectus Office in an automated way and in electronic form.

<sup>2</sup> In the event that the issuer, in accordance with the FinSA, is exempt from the preparation of a prospectus, this must be explained in the listing application.

#### **Art. 16 Form of the listing prospectus (cancelled)**

(cancelled)

#### **Art. 17 Incorporation by reference (cancelled)**

(cancelled)

**Art. 18 Fulfilment by the guarantor**

Both the issuer and the guarantor must fulfil all of the obligations incumbent upon them.

**Art. 19 Market making**

<sup>1</sup> The issuer must make an undertaking to the Exchange to ensure that a market exists for the ETPs in question (market maker).

<sup>2</sup> The Exchange may issue implementing provisions with regard to market making.

### **III Conditions for maintaining listing**

**Art. 20 Periodic reporting**

<sup>1</sup> Art. 50 LR (Interim financial reporting) is not applicable to listings under these Additional Rules.

<sup>2</sup> The total of the fees collected in a given business year, expressed as a percentage of net asset value (NAV), must be notified to the market in the form of an "Official Notice" at the same time as the annual business report is published. The Regulatory Board may issue regulations concerning the calculation of net asset value (NAV).

**Art. 21 Further duties to inform, facts subject to the reporting obligation**

<sup>1</sup> Art. 52 LR (Corporate calendar) is not applicable to listings under these Additional Rules.

<sup>2</sup> As part of the maintenance of listing, issuers are under regular reporting obligations. The Annex states which report must be submitted by which deadline and in which form, the requirements placed on the report contents and the form in which a report may be published by SIX Exchange Regulation AG ("SIX Exchange Regulation").

**Art. 22 Form of the reports**

<sup>1</sup> For some reporting obligations SIX Exchange Regulation may make standardised forms or entry screens available that support issuers in the fulfilment of their reporting obligations.

<sup>2</sup> Each report must clearly reflect which issuer and securities are involved, as well as the name of the person who has submitted the report (the responsible individual, including telephone number and e-mail address in case any further information is required). In addition, it must be clearly evident which reportable fact is being addressed (indication of the corresponding Point as per Annex).

*See also:*

- Reporting obligations forms

**Art. 23 Publication in accordance with terms and conditions**

If a reportable fact is to be published in the sense of a "Publication in accordance with conditions", then the details of the publication are based on the terms and conditions as disclosed in the given prospectus in accordance with the FinSA.

**Art. 24 Official Notices**

<sup>1</sup> If the dissemination of a reportable fact is to be made via an "Official Notice", then the issuer is obliged to forward to SIX Exchange Regulation the text of the "Official Notice" electronically at the earliest possible date, but no later than 11.00 a.m. Central European time (CET) on the exchange day immediately prior

to the desired date of publication if no differing regulation applies. An "Official Notice" is no substitute for any mandatory publication of an ad-hoc notice.

<sup>2</sup> Prior notification by telephone is requested in urgent cases. In addition, SIX Exchange Regulation is to be notified of the desired publication date.

<sup>3</sup> SIX Exchange Regulation can provide other ways for the generation and the dispatch of "Official Notices" (e.g. via Web-based applications).

<sup>4</sup> For reasons related to SIX Exchange Regulation publication media, "Official Notices" are to be submitted as text documents without formatting (i.e. as Notepad documents or similar).

<sup>5</sup> SIX Swiss Exchange will make no changes to the content of the "Official Notices" it disseminates on a broader scale. The issuer bears full responsibility for the content of such announcements.

<sup>6</sup> The "Official Notices" are published via:

- The "Newsboard" of the SIX Swiss Exchange Trading System (for Exchange participants);
- E-mail messages to interested circles of recipients;
- on the internet at ([www.six-group.com/en/products-services/the-swiss-stock-exchange.html](http://www.six-group.com/en/products-services/the-swiss-stock-exchange.html) and [www.ser-ag.com/en/home.html](http://www.ser-ag.com/en/home.html)) under "Official Notices".

#### **Art. 25 Publication and distribution of the notice by SIX Exchange Regulation**

<sup>1</sup> SIX Exchange Regulation may process the data submitted by issuers, as well as publish and further disseminate such data via the Internet and other suitable media.

<sup>2</sup> Information which, at the time of its transmission to SIX Exchange Regulation, is still to be treated confidentially or the publication of which is to be deferred, must be clearly and obviously designated as such ("Confidential"/"Publication only after consultation", or similar). In addition, the date and time must be specified as of which the information may be published. SIX Exchange Regulation cannot otherwise guarantee the confidential treatment of the information.

#### **Art. 26 Fulfilment by the guarantor**

The conditions for maintaining listing must be fulfilled by both the issuer and the guarantor.

## **IV Exemptions**

#### **Art. 27 Grant of exemptions**

The Regulatory Board may approve exemptions from the individual provisions of these Additional Rules and the implementing provisions to the Listing and Additional Rules.

## **V Termination of listing**

#### **Art. 28 Termination of listing**

Listing will be terminated ordinarily by SIX Swiss Exchange without prior notice when the ETP expires.

## VI Fees

### Art. 29 Reference to the LR

The fee regime is based on Art. 63 LR.

*See also:*

- List of Charges under the Listing Rules
- List of Charges RegBod (LocRB)

## VII Concluding provisions

### Art. 30 Amendments to the Listing Rules (cancelled)

(cancelled)

### Art. 31 Amendments to Directives (cancelled)

(cancelled)

### Art. 32 Amendments to the List of Charges (cancelled)
